Hi Rich and Kristine.

I have heard from everyone including CDM as to availability. Can you please let me know if you are available for a call-in meeting on Mar 5th at 10am or Mar 9th at 2pm?

Thanks.

Hiya!

As discussed at the Dec TCT and subsequently through various channels, I'm putting out a little poll to set a date/time for a follow up discussion on a joint DEQ/EPA Recontamination Evaluation approach. Please visit the link and provide your availability for a two hour time slot beginning at the times listed.

While I will prepare a more pointed agenda to circulate once the date is set, I welcome your input on discussion direction. I have attached the draft assumptions/parameter issues I provided for the TCT meeting as well as EPA's previous comments on the Zidell RE work plan and the recent comments on T-4 & Arkema REs from EPA/CDM.

Please send this invite to the appropriate CDM and other folks that will be valuable for this discussion. I will need their email addresses to follow up.

Thanks and talk to you soon!
